members report. The search uncovered sensitive and unauthorized information. The Command Inquiry was initiated attempting to determine any Operational Security concerns surrounding a detainee obtaining sensitive and unauthorized JTF-GTMO military staff and operational information. On 30 March 2006, subsequent to the Command Inquiry, the incident was transferred to the J2/CI Office due to possible CI concerns. (b)(7)(C) b6 and (b)(7)(C) b6 reported substantially as follows:

b.(U) ~~(S//NF)~~ According to the sworn statement executed by (b)(7)(C) b6 dated 16 February 2006, on 15 February 2006, detainee (k)(2) & (b)(7)(E) (k)(2) & (b)(7)(E) asked (b)(7)(C) b6 how to "read women". (b)(7)(C) b6 proceeded to tell (b)(7)(C) b6 an unidentified female guard revealed her name, address and email address, and wrote him letters. (b)(7)(C) b6 described the female guard as a specialist; however, refused to give her name. Shortly after their conversation, (b)(7)(C) b6 requested a shower. During (b)(7)(C) b6 shower, (b)(7)(C) b6 inspected his cell and did not recover letters.

b.(U) ~~(S//NF)~~ According to the sworn executed by (b)(7)(C) b6 (b)(7)(C) b6 dated 27 February 2006, (b)(7)(C) b6 made several comments concerning the names of JTF-GTMO medical staff. (b)(7)(C) b6 discovered (b)(7)(C) b6 name because the tape covering his uniform nametag peeled-off. (b)(7)(C) b6 knew the last name of CDR (b)(7)(C) b6 US Navy, NFI. (b)(7)(C) b6 worked in the (k)(2) & (b)(7)(E) and recently arrived in Guantanamo Bay. (b)(7)(C) b6 also spoke of CPT (b)(7)(C) b6 NFI, and MAJ (b)(7)(C) b6 NFI. ISN 743 named other mental health and medical personnel who had previously worked at the detainee (b)(7)(C) b6 In addition, (b)(7)(C) b6 was seen (b)(7)(C) b6 (b)(7)(C) b6 week prior to (b)(7)(C) b6 statement.

c.(U) ~~(S//NF)~~ On account of (b)(7)(C) b6 sworn statement, a Commander Inquiry was initiated. There was concern over the medical and guard personnel information possessed by (b)(7)(C) b6 The S2 was ordered to investigate the incident

and determine if there were Operational Security issues.

(b)(7)(C) b6 ordered Special Agent (SA) (b)(7)(C) b6 to search (b)(7)(C) b6 cell and determine if he was storing sensitive and/or unauthorized information. The search uncovered several documents written in English and Urdu. Some documents were scraps of paper with miscellaneous notes. The notes contained items (b)(7)(C) b6 received from his interrogator such as soap and shampoo. The notes also contained various mathematical problems. Written on the papers were dates and times of meetings and names of unknown people. A book titled As I Speak Up was also uncovered and confiscated. The book contained Urdu poetry and was approved detainee reading from the detainee library.

d. (U) ~~(S//NF)~~ On 7 March 2006, (b)(7)(C) b6 obtained the sworn statement from PV2 (b)(7)(C) b6 reported (b)(7)(C) b6 obtained her name on/or about December 2005. (b)(7)(C) b6 accidentally peeled-off the tape covering her uniform nametag while carrying a case of water and subsequently served breakfast to the detainees. According to (b)(7)(C) b6 soldiers working at JTF-GTMO utilize duct tape to cover their uniform nametags in order to conceal their last names from detainees. Sometimes the tapes peel-off. SA (b)(7)(C) b6 said this was a common occurrence and could account for some of the information accessed by (b)(7)(C) b6.

e. (U) ~~(S//NF)~~ On 13 March 06, (b)(7)(C) b6 executed a sworn statement. According to the statement, during February 2006, (b)(7)(C) b6 informed (b)(7)(C) b6 he knew the names of various doctor's and corpsmen's. (b)(7)(C) b6 stated he obtained the information from lawyers and people "higher than you could possibly imagine." (b)(7)(C) b6 claimed his father was an ambassador and another relative was a judge or a lawyer. (b)(7)(C) b6 claimed he owned a pharmacy in New York. (b)(7)(C) b6 said he had copies of Medication Administration Records (MARS). (b)(7)(C) b6 also told (b)(7)(C) b6 about a corpsmen and provider meeting, held a while back, and pointed out HN (b)(7)(C) b6 NFI, was not present. (b)(7)(C) b6 said he was aware President Bush visited Pakistan the prior week.

f.(U) ~~(S//NF)~~ On 30 March 2006, (b)(7)(C) b6 reported to the S2 he conversed with [redacted] on 28 March 2006. During the conversations [redacted] mentioned he did not get access to provider names through corpsmen but actually obtained the information from legal assistance. [redacted] said his family back home was pressing charges against the JTF-GTMO medical staff and was closely following his case. He mentioned, according to a letter from his lawyer, he would depart in August.

g.(U) ~~(S//NF)~~ On 30 March 2006, (b)(7)(C) b6 contacted LTC [redacted] to pass this case over to the J2/CI Section. (b)(7)(C) b6 investigation determined the issue was not completely Operational Security related and CI assistance was warranted. (b)(7)(C) b6 said some of the information [redacted] obtained could not have just been overheard. [redacted] had extensive knowledge of personnel that work around him on a daily basis and the names and positions of many of the medical staff. [redacted] also had extensive knowledge of MARS. According to (b)(7)(C) b6 MARS information is sensitive and it would be a security violation to talk about it with detainees. [redacted] also bragged about having a contact that can give him any information he needs.

h.(U) ~~(S//NF)~~ [redacted] stated [redacted] has not seen his lawyer in at least 4 months, so any claims he had received this information from legal assistance does not coincide with the timeliness of the information. (b)(7)(C) b6 also mentioned [redacted] knew a corpsman went on emergency leave and why. There were limited personnel who knew of this situation. [redacted] identified the sailor as (b)(7)(C) b6 E-4, US Navy, NFI.

6. (U) ACTIONS TAKEN: [redacted] and (b)(7)(C) b6 read and signed a Secrecy Affirmation Statement and Privacy Act Advisement Statement.

Participation in the World Cup will help the Asian football infrastructure immensely.

The following information was obtained from the records of the Department of Health, Education and Welfare, Washington, D.C., regarding the activities of the National Association of Manufacturers (NAM) during the period from January 1, 1960, to December 31, 1960.

The NAM is a non-profit organization which has been organized since 1895. It is one of the largest and most influential of the business associations in the United States. The NAM's primary purpose is to represent the interests of manufacturers in the United States before the Federal Government and the public. It also provides a forum for the exchange of views among manufacturers and for the dissemination of information concerning manufacturing industry.

In 1960, the NAM had approximately 1,000 members, representing more than 100 different industries. Its membership includes such major manufacturers as General Motors, Ford Motor Company, IBM Corporation, and the American Telephone and Telegraph Company. The NAM's annual budget for 1960 was approximately \$1,000,000.

The NAM's principal activities during 1960 were directed toward the representation of its members' interests before the Federal Government. This included lobbying efforts on behalf of its members' interests in connection with the passage of legislation, the administration of laws, and the formulation of government policy. The NAM also conducted extensive research and analysis of issues affecting the manufacturing industry, and it published numerous reports and publications on these subjects.

In addition to its lobbying efforts, the NAM also engaged in a variety of other activities designed to promote the interests of the manufacturing industry. These included the sponsorship of seminars and conferences, the publication of books and pamphlets, and the provision of technical assistance to small businesses.

The NAM's activities during 1960 were financed primarily through contributions from its members. In addition, the NAM received grants from the Federal Government and from private foundations. The NAM's financial statements for 1960 show that it received a total of approximately \$1,000,000 in income, and that it expended approximately \$1,000,000 in expenses.

The following table shows the NAM's income and expenses for 1960:

Description	Amount (\$)
Total Income	\$1,000,000
Total Expenses	\$1,000,000

The NAM's activities during 1960 were carried out in accordance with its stated purposes and objectives. It is believed that the NAM's actions were lawful and that they were in the best interests of the manufacturing industry.

1. The first step is to identify the problem. This involves understanding the current situation and the goals that need to be achieved.

2. Next, it is important to gather information. This can be done through research, interviews, or other means.

3. Once the information is gathered, the next step is to analyze it. This involves looking for patterns, trends, and other insights that can help in making a decision.

4. After the analysis, the next step is to develop a plan. This involves deciding on the best course of action and setting out the steps that need to be taken.

5. Finally, the plan is implemented. This involves putting the plan into action and monitoring the progress.

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On or about the month of December, when first platoon was on dayshift the following event occurred. I assumed duties as the Bravo two guard and went to the upper to serve the detainees breakfast chow. Part of their chow is water, so I went and got a case of water. When I lifted the case, I rested it on my chest and it took my tape off. I continued to serve chow without my name tape without any comments. When I got to B208 cell which is SN# [REDACTED] he gave me his trash and started spelling a word to me. I then realized it was my last name and I looked down. I secured his bean hole and walked to the end of the tier to find my tape. I then found it sticking on the the plastic cover over the case of water I had previously gotten

1. (U) ~~(S//NF)~~ On 19 April 2006, an interview was conducted with (b)(7)(C) b6 SPC, US Army, SSN: (b)(7)(C) b6 DPOB: (b)(7)(C) b6 (b)(7)(C) b6 CI Agent, S2, 525 Military Police (MP) Battalion (BN), Joint Task Force Guantanamo (JTF-GTMO), Guantanamo Bay, Cuba; Clearance and Access: Interim TOP SECRET with daily access to Sensitive Compartmented Information (SCI); hereinafter referred to as Source, provided information concerning the unidentified SUBJECT of the investigation. [redacted] knew their names and other personal information. The corpsmen are supposed to use fake names when addressing detainees. (b)(7)(C) b6 was frustrated and feared for the safety of the soldiers working around [redacted]. Source knew of these reports because He was tasked to look into them whenever (b)(7)(C) b6 received them.

b.(U) ~~(S//NF)~~ Approximately on 9 April 2005, an unidentified Military Doctor arrived at Guantanamo Bay to assess and repair detainee (k)((2) & (b)(7)(E)) declined treatment. The unidentified Doctor wrote down notes in [redacted] medical file, which [redacted] was restricted from accessing. Within a few days [redacted] knew exactly what was written in his medical file. Source stated that according to (b)(7)(C) b6 [redacted] detailed account of the notes suggested he read the medical file.

c.(U) ~~(S//NF)~~ On 7 April 2006, (b)(7)(C) b6 GS-14, Director, Interrogation Control Element, Joint Interrogation Group (JIG), JTF-GTMO, NFI; reported to Source and [redacted] he utilized his interrogation teams to determine [redacted] line of communication. (b)(7)(C) b6 was interested in learning how the detainees passed messages to each other. At approximately 1300 hours on 7 April 2006, the Gulf States 6 interrogation team conducted a meeting with detainee (k)((2) & (b)(7)(E)) residing in Camp Echo of the detention facilities located at Guantanamo Bay Cuba. During the meeting with [redacted] the interrogator instructed (b)(7)(E) to inform [redacted] interrogator [redacted] wanted to see him.

d.(U) ~~(S//NF)~~ At approximately 1600 hours that same day, [redacted] requested to see the interrogator [redacted] b6. During this incident, (b)(7)(E) was located in Camp 5 of the detention facilities, which is approximately one half mile away from Camp Echo in a separate structure. (b)(7)(C) b6 told (b)(7)(C) b6 to halt this activity and not conduct any more operations like the above. Source did not provide any more information regarding the interrogation incident.

e.(U) ~~(S//NF)~~ Source reported Camp 5 and Camp Echo are guarded by two different groups of guards. Camp Echo is guarded by the Maryland National Guard and Camp 5 is guarded by the 193 Military Police Battalion. The only personnel traveling between

the two camps on a daily basis are the corpsmen. The corpsmen are responsible for delivering medications to the detainees. The corpsmen are responsible for Camp Iguana, Camp Echo and Camp 5, and they usually deliver the medications to the camps in that order. On 7 April 2006, there were two unidentified corpsmen working at Camp Echo and Camp 5 from 1200 hours to 1400 hours, which correlates to the aforementioned time frame. Source heard this information from the person who does the corpsmen scheduling. Source did not recall this person's name. Source stated (b)(7)(C) b6 CDR, US Navy, JMG, JTF-GTMO, NFI; was in charge of the corpsmen and will be able to provide this information.

f.(U) ~~(S//NF)~~ On 18 April 2006, was moved from Camp 5 to Camp Echo. Source was unaware of the reasons for the move but He believed it was because of all the problems was causing.

g.(U) ~~(S//NF)~~ Source was advised of His rights under the Privacy Act of 1974 and signed a Secrecy Affirmation Statement.

2. ~~(S//NF)~~ AGENTS NOTES:

a.(U) ~~(S//NF)~~ Camp Echo and Camp Five are different than the camps located within Camp Delta. Camp Five and Camp Echo are separate facilities with their own guard force. Unlike Camp Delta, Navy Provisional Guard troopers do not guard them, US Army soldiers from the 525 Military Police Battalion, which include soldiers from the Maryland National Guard and the 193r MP Company, guard Camps Echo and Five. The Sergeant of the Guards runs daily camp operations where in Camp Delta there is an OIC running the daily operations. Camp Five is a modern maximum-security prison facility. Camp Echo is less like a prison, it has common recreation areas and the cells are much more comfortable with each cell having their own shower.

I reported this to the Joint Detention Group, which resulted in his cell being searched to find out if there was anything else that may have our personal information on it. I also notified the Detention Hospital of this matter and they promptly removed the names from medications. (b)(7)(C) b6 was in need of (b)(7)(C) b6 refused the doctors care and the doctor left. That next week (b)(7)(C) b6 began referring to the doctor as (b)(7)(C) b6 as if he had read it off a report out of his medical file. I contacted the Joint Detention Group Commander, COL (b)(7)(C) b6 and (b)(7)(C) b6 was moved to Camp Echo where he could be isolated. The only personnel that I am aware that have regular daily access to (b)(7)(C) b6 while he was in camp 5 were the guard force, my handpicked personnel and the Special Mission Corpsmen. This individual may also have routine contact with interrogator or legal personnel. The Special Mission Corpsmen delivers medications to the detainees. I handpick a corpsmen to assist me with assessments and currently PO2 (b)(7)(C) b6 is assigned with this duty. (b)(7)(C) b6

a. (U) ~~(S//NF)~~ Source is responsible for the daily operations
of the clinic and the Corpsmen assigned to the clinic. He
interviews and selects all corpsmen assigned to the Delta

heard that it was a corpsman that was providing information to the detainee. Since He had just started Source did not have in-depth knowledge of the issue. However, Source has been vigilant in identifying problems of this nature and taking preventative measures.

c.(U) ~~(S//NF)~~ At about the end of March 2005 or the beginning of April 2005, Sr. Chief (b)(7)(C) b6 and an Army Sergeants Major approached Source while conducting an investigation on two corpsmen. The corpsmen were being investigated for suspicion of providing a detainee with unauthorized items such as pornography. Source believed that the two had also been the personnel that were giving detainees personnel information. Source identified the individuals as HM2 (b)(7)(C) b6 Not Further Identified (NFI), and HM3 (b)(7)(C) b6 NFI. Source thought that the two personnel were charged and served time in the brig.

d.(U) ~~(S//NF)~~ Since these personnel and the others that were assigned to C Company of the Navy Expeditionary Guard Battalion left, Source has not had any issues with (b)(7)(C) or any other detainees getting personal information of the corpsmen. Source attributes this to many things including new procedures governing the interaction of medical personnel with detainees. One new procedure is that the corpsmen only interact with detainees in pairs or if there is a guard present. This was done mainly for safety reasons but the procedure also limits the personal interaction thus preventing corpsmen and guards from divulging information to detainees. Source also arranged SAEDA and OPSEC briefs for his corpsmen.

f.(U) ~~(S//NF)~~ Source was advised of His rights under the Privacy Act of 1974 and signed a Secrecy Affirmation Statement.
